There Will Be

& Giveaways!

### WORKSHOP LEADER: LEE CAMPE

Mr. Campe is a proven Six Sigma deployment leader with a wide array of expertise in all facets of business. He also has extensive experience in Design for Six Sigma (DFSS), change management, metric development, Business Process Management and hypothesis testing.

Prior to starting Performance Excellence, Lee was a Master Black Belt (MBB) for the Home Depot, where he was responsible for coaching employees and mentoring projects across the US. Projects Lee mentored provided the company with over \$200 million in savings.

Lee was first trained as a Black Belt at Penske Logistics, where he led and facilitated cross-functional teams to solve problems and increase productivity/reduce costs and also served as a project manager, consultant, and trainer. One of his projects at Penske realized a return on an investment of \$12.5M within nine months and led to a cost avoidance of \$2.4 million in the first year.
